*Clinical Research Nursing:  
Embodying Team Science for Participant-Focused Care*

Conference—October 25-26, 2016  
*Preconference—October 24, 2016*  
Wyndham Lake Buena Vista  
Lake Buena Vista, Florida, USA

## FINAL PROGRAM

## Welcome from the President

October 24, 2016

Dear Friend and Colleague,

It is with great enthusiasm that I personally welcome you to the 8<sup>th</sup> Annual IACRN Conference! This year's theme highlights clinical research nursing's role in team science and focuses on aspects of interdisciplinary, collaborative nursing care that is essential to meet the needs of clinical research participants.

Thanks to the *passion and commitment* of IACRN's members, we will celebrate significant achievements occurring over the past year. On Monday evening, meeting attendees will come together in *celebration of ANA recognition of Clinical Research Nursing* as a specialty practice! The first copies of the *Clinical Research Nursing Scope and Standards for Practice* will be available during our meeting. On Tuesday, you will hear about important progress clarifying our path to certification, led by the Education Committee. These achievements would not have been possible without the commitment of the Board of Directors, the Scope and Standards Committee, the Education Committee and the IACRN membership!

The Conference Planning Committee has worked diligently to develop an enriching program made up of expert speakers and IACRN members. It is with deep appreciation that I acknowledge their efforts. Please stay engaged and take the opportunity to network during the conference, make note of areas for improvement and respond to the conference evaluation so we can continue to provide a high quality conference that meets your professional development needs.

IACRN's membership is its greatest asset. As IACRN makes strides to advance clinical research nursing practice globally, there is a place for each member to contribute; I encourage you to become involved. You will hear important updates from the Board and Committee Chairs during the Annual Business Meeting - this may help you identify where you would like to become involved.

This year's meeting promises to be exciting. Thank you for choosing to attend. I look forward to the opportunity to learn and celebrate with you!

Most Sincerely,

A handwritten signature in black ink that reads "Margaret McCabe". The signature is written in a cursive, flowing style.

## Continuing Nursing Education Information

### Disclosures to Participants

*This continuing nursing education activity was approved by the Oncology Nursing Society, an accredited approver by the American Nurses Credentialing Center's COA.*

In keeping with the new American Nurses Credentialing Center (ANCC) accreditation standards, this year's conference evaluation is an outcomes based evaluation. There will be a different look and feel from previous IACRN evaluations. There are both short term and long term outcomes that will be evaluated. The short term outcome will focus on what you *intend* to integrate into your practice/work setting as a result of attending the conference. The long term outcome will focus on what you have *changed* or *integrated* into your practice/work setting. Therefore, we encourage you to think about how what you are learning will impact your practice/work setting. This will help us build the IACRN conference to meet your practice needs.

### Successful Completion of this Continuing Nursing Education (CNE) Activity

In order to receive contact-hour credit for this CNE activity, you must:

- Check in at the registration desk; obtain a name badge and registration packet.
- Attend the entire session of which you wish to receive CNE credit.
- Complete an electronic evaluation for the conference which will be sent to you by October 27<sup>th</sup> and will need to be completed by **November 10, 2016**.
- The number of CNE credits you receive will be based on the sessions you attended in entirety as self-reported on the evaluation.
- Your CNE certificate will be sent via email after the total hours have been calculated. If you have completed the evaluation and have not received a certificate by November 30<sup>th</sup>, please contact [Debbie@iacrn.org](mailto:Debbie@iacrn.org).

In order to meet the long term evaluation component for CNE activity, you must:

- Complete the long-term evaluation. This will be a very short evaluation with just a few questions.
- You will receive a link to complete the long term evaluation week of **January 2, 2017**.
- You will be given 2 weeks to complete this evaluation.
- We encourage you to mark your calendars and complete this evaluation to best assess how you have incorporated what you've learned in the conference into your practice/work setting.

### Conflict of Interest

A conflict of interest occurs when an individual has an opportunity to affect educational content about health-care products or services of a commercial company with which she/he has a financial relationship. The planning committee members and conference presenters have disclosed whether any relevant professional, person or financial relations related to the planning or implementation of this CNE activity exists. To our best knowledge, no conflicts of interest exist for this conference.

### Non-Endorsement of Products

Approval of this CNE activity refers only to the continuing nursing education activity and does not imply a real or implied endorsement by the International Association of Clinical Research Nurses, ONS, or the American Nurses Credentialing Center (ANCC) of any commercial product, service, or company referred to or displayed in conjunction with this activity, nor any company subsidizing costs related to this activity.

### Non-Commercial Support

IACRN received financial support from The Heilbrunn Foundation of The Rockefeller University, Dana-Farber Cancer Institute Nursing and Patient Care Services Department, City of Hope, Boston Children's Hospital, Memorial Sloan Kettering Cancer Center, University of Utah Center for Clinical and Translational Science, Association of Clinical Research Professionals, Georgetown University School of Nursing and Health Studies, Harvard Catalyst Clinical and Translational Science Center, and Georgetown-Howard Universities Center for Clinical and Translational Science as sponsors and/or exhibitors at this conference. This sponsorship does not imply a real or implied endorsement of any product, service, or company referred to in this activity nor of any company subsidizing costs related to the activity.
